IDoc Market Home Counties FAQ About Login

An update is scheduled for iDoc Market on Tuesday, 4/9/2024 at 2:00 PM MDT. If you are logged in at that time, you may experience a brief reset where you have to re-enter your credentials to resume work. We apologize for any inconvenience.

## Welcome!

Welcome to the Document Marketplace! This site will empower you to log in to the participating counties in order to access and print images for recorded documents. First, register with us (it's free!). Then, choose which county or counties you would like to subscribe to. We offer both short-term Day Passes and longer term subscriptions, depending on your needs. You can then perform unlimited searches for the duration of your subscription. We'll keep track of your prints and charge your credit card accordingly. We hope you enjoy your experience!

[Get started »](#)

### Search

Quickly find the document you're looking for with powerful search tools. See basic document details in the results to help narrow down the list.

### Electronic Certified Copies

#### Now Available!

Request electronic certified copies which are delivered in minutes electronically from participating counties. Look for the icon above for counties that are offering this service.

### View

Once you've found the document you want, click View to see the recorded document information.

### Document Alerts

Protect yourself from fraudulent activity and be notified. Look for the shield icon for counties that are offering this service. Click on the shield to get started!

### Print

Print the entire document, or choose which pages you'd like.

## Document Alerts

### Document Alert Instructions

Document alerts will notify you via email when a document is filed and a match is found for a created alert. To create alerts, select one or more of the counties offering this service. Next, choose the Grantor, Grantee, or Parcel number from the field dropdown and enter your information exactly as you want it to be searched. You can add multiple names or parcel numbers, up to 5 criteria per alert. Choose Save when all values are entered, and your information will appear under Existing Alerts. You can edit or remove your alerts at any time by clicking on the icons next to a saved alert. Document Alerts are not historical and will only be sent for documents filed after the alert is saved.

### Helpful Hints

- The more criteria you add per alert can help to prevent false positives.
- It may be necessary to create separate alerts for different names and/or properties.
- The results will be returned on exact matches on all criteria entered per alert.
- Add [idocmarket@tylertech.com](mailto:idocmarket@tylertech.com) to your trusted contacts so notification emails are not flagged as spam.

A screenshot of the "Document Alerts" setup interface. It is divided into two main sections: "Add Alert" and "Existing Alerts". The "Add Alert" section contains a "Counties:" label above a text input field with the placeholder "Select Counties". Below this is a "Grantor" dropdown menu followed by a text input field and a small "x" icon. At the bottom of the "Add Alert" section are two buttons: "Add a Field" and "Save Alert". The "Existing Alerts" section is currently empty, showing a large white rectangular area.

Select Grantor / Grantee in the drop-down box and enter the name(s) you want to be alerted on. You can add up to 5 names. If you need to add more names you can set up a separate account to add those names.
